## PARAGRAPH ON RESPA

ReSPA is a joint Initiative of European Union and the Western Balkan countries working towards fostering and strengthening the regional cooperation in the field of public administration among its Member States.

It offers excellent innovative and creative training events, networking activities, capacity building and consulting services to ensure that the shared values of respect, tolerance, collaboration and integration are reaffirmed and implemented throughout the public administrations in the region.

## OUR VISION

*The vision of ReSPA is the realization of a modern, effective, innovative, accountable and professional public administration in the Western Balkans”.*

## OUR PURPOSE

*Our corporate purpose is to increase cooperation in public administration and human resource management in Western Balkans, to strengthen their institutions and to facilitate the exchange of experience with EU. By sharing this comprehension as universally as we can, helping officials at all levels to understand and utilize the knowledge into their work, we will provide excellent services to our stakeholders.”*

## PARAGRAPH ON HISTORICAL DEVELOPMENT

ReSPA Initiative was initially formulated following the June 2003 Thessaloniki Agenda. Its development was organised into different phases. Phase 1 established the constitutional, procedural and financial frameworks within which ReSPA operates. Phase 2 served to the process of hiring and training the staff which manage ReSPA and its activities and to enhance the visibility of ReSPA and its activities.

## LOCATION

ReSPA is located in in the municipality of Danilovgrad, only 18 km away from Podgorica, the capital City of Montenegro. It is a hidden gemstone, nestling in the foothills of mountains which provide a stunning backdrop

## WHO WE ARE
