

Meeting of the Working Group on Better Regulation

25 February 2021

Online – Zoom Platform, 10.00 – 12.30

Draft Agenda

Background

During the upcoming period (2021-2022) ReSPA will continue to provide thematic assistance, organize activities and produce analysis/papers/guidelines in the **thematic area of Better Regulation (BR)**. The planned activities in this area will be presented and discussed during the meeting in order to receive feedback from WG members for further tailoring them. In addition, the key findings of the comparative analysis on “RIA and EU Law Transposition in Western Balkans” will be presented by SIGMA. The meeting will also serve as a good forum for introducing the ReSPA Monitoring toolkit, which will pave the way for the first ever monitoring exercise of ReSPA, to be organized in June 2021.

The meeting will primarily target members of the Better Regulation Working Group, but the invitation will be also extended to Centre of Government WG and RIA contact points in the Region.
