ReSPA Programme Committee Meeting

07-08 December 2021, Tirana, Albania

Provisional Programme and Agenda

Venue: TBC

ReSPA activities
are funded by the
European Union

Background

The ReSPA Programme Committee is composed of the state secretaries and/or senior managers responsible for public administration, state secretaries and/or senior managers responsible for Economic reforms programmes, and national IPA Coordinators or NIPAC office representatives. Also, ReSPA Governing Board members at Senior Officials level are expected to participate at Programme Committee meetings, actively.

The overall objective of Programme Committee is to assist the ReSPA Members to exchange information on achievement and challenges related to PAR, PFM, and EI in their countries respectively.

The ReSPA Programme Committee coordinates the themes through an inter-sectoral approach. Each program that ReSPA supports benefits from relevant inter-sectoral perspectives. Therefore, the Programme committee combined efforts and ensure a higher degree of convergence of the ReSPA programmatic interventions. On this way, ReSPA efforts to connect three important areas: PAR, PFM, and European Integration, should produce better results.

During the 3rd meeting of ReSPA Programme Committee, the participants will have opportunity to exchange the state of play, targeted goals, priorities, and examples of success stories in the domain of PAR and the European Integration process. At the meeting the members of Programme Committee and other participants will be familiarized with goals, objectives and concrete activities of ReSPA during 2021 as well as plans for 2022. Also, they will be informed on new PAR Ministerial Declaration, on the state of play of PAR in the newest EUC Enlargement package 2021, on the novelties introduced in IPA III. They will also be informed on the results of the first comprehensive ReSPA Monitoring report, on the most important studies/methodologies developed during 2021.
